Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Thursday 29 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A dry evening, with heavy rain arriving overnight.

This Evening and Tonight:
Largely dry into the evening, with cloud increasing ahead of a band of heavy rain that will move across the region overnight. Following this, heavy showers move into southern areas around dawn. Breezy, with winds strengthening in the south. Minimum temperature 12 deg C (54 deg F).

Friday:
A cloudy start with widespread heavy rain soon clearing northwards. Scattered heavy, possibly thundery showers follow into the afternoon. These showers should ease heading into the evening. Feeling cool. Maximum temperature 19 deg C (66 deg F).

Outlook for Saturday to Monday:
Staying unsettled over the weekend, with sunny spells and occasionally heavy showers. Cloudier on Monday, with a risk of further scattered showers. Cooler than recently.
